

Original QUICK FIST clamp – Item #10010

Quick Overview

- Holds objects from 1" to 2.25" (25 to 57mm) in diameter
- Each clamp supports a safe working load of 25 lbs (11 kilos).
- 2 clamps support 50 lbs (23 kilos).
- Mounts easily with on #10 bolt.
- Mounting area: 2 ½" x ¾" (64 x 19 mm).

Installation Instructions

- Use either #10 screw or bolt and washer (Do Not Over Tighten); or use 4 sheet metal screws and washers through the holes on the four corners of the pad.
- QUICK FIST can be mounted with the strap facing any direction.
- To clamp: Put the tool or implement into the jaws. With both of your thumbs on the strap, push the strap to its desired tightness. Repeat
- For certain applications, like roof racks with mounting tubing, you can install the QUICK FIST clamps using hose clamps. Make sure you center the hose clamp on the plastic washer to avoid cutting into the rubber clamp.
- QUICK FIST clamps are great as pipe stand-off (particularly suited for marine applications). Do not use on exhaust pipes.
